(P.N. No. 125—14-8-1951).

Press Note.

Health of Live-stock in the State during July 1951.

In their order of severity, outbreaks of Rinderpest, Blackquarter, Hæmorrahagic septicæmia, Foot and Mouth, Anthrax, Contagious goat pleuro-pnemonia, Sheep-pox, Ranikhet, Rabies and Gastro-entritis were encountered in the State during July 1951. Altogether 339 villages were reported to have been affected by one or the other of the several contagious and infectious diseases, as against 354 villages during the previous month. The number of outbreaks was highest in Kolar, Mysore and Tumkur Districts, while Mandya, Shimoga and Chikmagalur Districts were least affected. These diseases accounted for 1,356 animals, of which 877 succumbed. The departmental staff conducted 49,003 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention other prophylactic measures were adopted against Foot and Mouth disease.

Three outbreaks of Rinderpest among cattle were registered in Kadur, Davangere and Hosadurga taluks accounting for 15 attacks, of which seven succumbed. Prompt measures of control were undertaken by the department to check its spread and 900 cattle in the infected villages and 6,392 cattle in 21 neighbouring villages were protected against this disease. The disease appeared to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 93 villages resulting in 11 deaths as against 104 villages accounting for 14 deaths during the previous month. The special staff attached to the parasitic disease control units of the department dosed 5,573 animals as against 5,913 animals during the previous month.

The rest of the live-stock remained free from diseases during the month, fodder and water were generally available throughout the State.

Press Note.

Report of work relating to the Food Production Drive for the fortnight ended 15th August 1951.

1. *Weather Conditions.*—During the fortnight unde report the rainfall in Bangalore, Tumkur, Kolar and Chital drug Districts was poor and this has hampered the agricul tural operations and to a certain extent affected th standing ragi crops also. The condition of the standin crops in the other districts is reported to be moderate.

2. *Works Schemes.*—Thirty-five irrigation wells wer completed and a subsidy of Rs. 25,085 was paid during th fortnight ended 31st July 1951. The construction of majo irrigation works was under rapid progress. One mor work in Bangalore Division has been started, *i.e.*, the con struction of a new Tank in S. No. 3 of Bommenahalli i Channapatna Taluk. Under construction and improve ment of river, tank and feeder channels, the incomplet works of 1950-51 are all in progress. The restoration c major and minor tanks and the desilting work by means o manual labour are all proceeding according to programm expeditiously.

The following quantities of seeds and manures wer distributed during the fortnight ended 31st July 1951:—

Paddy	...	...	1,732—60 palle
Ragi	..	...	7—50 ,,
Ammonium Sulphate	...	...	67—1 Tons
Superphosphate	...	...	42—73 ,,
Other chemical manures	...	...	5— 8 ,,
Groundnut oil cake	..	...	207—00 ,,

Five hundred and sixteen new compost pits were forme during the period. One thousand twenty eight acre and nine guntas of new Government lands were grante for cultivation. Five thousand three hundred and sixty five acres and twenty guntas of current fallow lands wer brought under cultivation in the districts of Tumkur, Kola and Chitaldrug. Takavi Loan amounting to Rs. 14,925 Land Improvement Loan of Rs. 12,875 and Manure Loa of Rs. 8,175 have been sanctioned to ryots during th period. No major incidence of pests or diseases to foo crops was reported during the period. Prompt action ha been taken to check the stray cases of pests on paddy i Shimoga District. Jola is being harvested in the taluks o Mysore, Chamarajnagar, T.-Narasipur, Yelandur an Nanjangud. The yield of Jola in these taluks is reporte to be very poor due to inadequacy of rainfall and also du to the serious attack of the earhead, bug pest and th prospects of realising the crops are far below the origina expectation. Three hundred and twenty-one acres an twenty guntas of land was ploughed by the departmenta tractors. The progress is low on account of the continuou rainfall in Chikmagalur District and the want of spar parts in Shimoga District. Twelve Diesel Oil Engin pumpsets and 5 Electrical pumpsets were given to ryots o hire purchase system from the Food Production Depart ment. One more Co-operative Agricultural Colony i Malegal Forest in Bangalore North Taluk has been formed One thousand eight hundred and seventy-five bags o cement was utilised on the several Grow More Food Irri gation works schemes during the fortnight ended 31st Jul 1951. Tapioca cuttings of 1 2/3 lorry loads was got fro Salem to Chikmagalur District and arrangements are bein made to distribute the same.
